## CARD 1: AMAZING YOU IN SWEET SUGARPLUM

Made by Nendy Kerr  
[www.nendyscreativecorner.com](http://www.nendyscreativecorner.com)  
Products (c) Stampin' Up!

1. Cut your Sweet Sugarplum card base at 5-1/2" x 8-1/2". Score and Fold at 4-1/4".
2. Cut your Whisper White card front at 3-3/4" x 5". Stamp the flower in Sweet Sugarplum starting at the top left corner. Continue stamping to cover the whole card front alternating the flower stamp as shown. Stamp off the edges of the card front when you reach the edge. Don't leave white spots.
3. Wrap your Ribbon around the card front. Tie in a knot. Trim ends.
4. Stamp Amazing You in Berry Burst ink in the upper right corner of your card front.
5. Stamp your Flower in Berry Burst ink on another piece of Whisper White cardstock. Punch out with the Starburst Punch. Outline the edged with either your Berry Burst ink pad or Marker or with a sponge. Attach to your card with Stampin' Dimensionals over the Ribbon.
6. Attach your completed card front to your Sweet Sugarplum card base.  
Your Card is finished.
7. You can stamp the flowers on your envelope in Sweet Sugarplum if desired.

## CARD 2: LET'S CELEBRATE YOU IN MELON MAMBO AND ISLAND INDIGO

Made by Nendy Kerr  
[www.nendyscreativecorner.com](http://www.nendyscreativecorner.com)  
Products (c) Stampin' Up!

1. Cut your Island Indigo card base at 5-1/2" x 8-1/2". Score and Fold at 4-1/4".
2. Cut your Whisper White card front at 4" x 5-1/4".
3. Stamp Let's Celebrate You in Melon Mambo ink.
4. Stamp the half circle Line Art stamp in Island Indigo Ink.  
~First stamp diagonally around the words trying to center the stamp as shown. You can use a Stamp-a-ma-jig if desired to get the stamped image exactly where you want it. Or you can just guess. In this case the Stamp-a-ma-jig is easier and quicker to use than the Stamparatus.  
~Continue stamping all the way around your original four stamps until the outer part of the card front is covered.
5. Attach your card front to your card base.
6. Now choose some Acrylic Shapes. Attach them to your card front with Glue Dots.  
Your card is finished.
7. You can stamp the Half Circle Lines on your envelope if desired.
