

MARCH 2018 THANK YOU TUTORIAL WORK OF ART STAMP SET

Be Amazed!! Here are two cards with NO Big Shot or Punches! Just flat on the card base. I am trying to add variety to my stamping. So the cards this month just have stamping. Next month will be different.

These two Cards use most of the stamps in the Work of Art stamp set. Both cards are stamped directly on the card base. Feel Free to change the ink colors to make your own version of these cards.

Please let me know if there is a specific stamp set you would like me to use. Then check out my blog to see some samples.

COMPLETE SUPPLY LIST FOR BOTH CARDS:

Stamps: Work of Art [Wood Mount #134111](#), [Clear Mount #134114](#)

Inks-Card 1: Perfect Plum

Cardstock: Thick Whisper White for card base

This is it!

Rainbow Card

Make a Rainbow card to either thank someone or let them know you care.

Made by Nendy Kerr

Products (c) Stampin' Up!

INSTRUCTIONS:

1. Cut your Thick Whisper White card base at 5-1/2" x 8-1/2". SCORE and fold at 4-1/4". Make sure and score before folding so you will get a clean fold. If you don't score first, there will be lots of crinkles around the score line and it does not look pretty.

2. Stamp the Rainbow:

You can get creative here and use a variety of colors if you want.

Use the long, kind of curved stamp and stamp in the color order shown. Clean your stamp after each color.

~Perfect Plum

~Melon Mambo

~Pacific Point

~Wild Wasabi

~Crushed Curry

~Tangerine Tango

3. Finish Stamping the card:

~Memento Black: Stamp your sentiment. Start with the "You", then stamp the other word.

~Rich Razzleberry: Stamp Hearts in the blank spaces

CHEVRON AND FLOWER CARD

My son saw this card first and did not realize it was stamped!

Products (c) Stampin' Up!

1. Cut your Thick Whisper White card base at 5-1/2" x 8-1/2". SCORE and fold at 4-1/4".

2. Stamp:

Make sure and put scratch paper under your card as some stamping will be off the edge of the card. If you want a lighter color, stamp on a scratch paper first, then stamp on your card.

~Tempting Turquoise: Stamp a Chevron in both the lower right corner and the upper left corner about the same distance from the edges.

~Pool Party: Stamp three Long Thin Lines over/ close to the Chevron. You don't have to reink for the one not touching the Chevron image.

~Elegant Eggplant: Stamp a circle close to the lower left and upper right corners for your Flower Center.

~Perfect Plum: Use the long, kind of curved stamp. Stamp over the Elegant Eggplant Flower Center circle starting at the bottom edge stamp close to the Chevron first. Continue stamping the flower by moving the stamp in a circle like motion to complete the flower petals. Repeat over the other Elegant Eggplant Flower Center Circle to make your second Flower.

~Elegant Eggplant: Stamp your sentiment in the center of the card.

~Wisteria Wonder: Use the kind of square stamp and stamp over your sentiment.
