CARD 1-BIRD

INSTRUCTIONS:

1. Cut your Whisper White card base at 5-1/2" x 8-1/2". Score and fold at 4-1/4".
2. Stamp images as shown in Memento Black directly on your Whisper White card base. I layed out the two corner stamps and the birds on my cardstock and then layed the largest Clear Stamp Block on the stamps, then inked the stamps, and stamped. I then stamped the straight vines.
3. **Color.** I used Stampin' Blends. You can also use Stampin' Write Markers or Watercolor Pencils-use a Blender Pen with both to blend the colors.
 - ~Leaves with Old Olive. I used the Dark along the center vein of each leaf, then colored and blended with the Light.
 - ~Vines. Colored leaves with Light Old Olive.
 - ~Flowers with Rich Razzleberry. I used the Dark along the bottom edge and above the top edge of the lower part of the flower. I then blended with the Light.
 - ~Bird. Pool Party. I used the Dark along the bottom of the bird and the bottom of each wing feather, the blended with the Light.Your card is finished.

Products (c) Stampin' Up!

I just was not happy with Version 1. So I changed a few things. I am much happier when I look at it now. Do these things in addition to the steps for Version 1.

ADDITIONAL INSTRUCTIONS:

3. Stamp:

~Get the stamp with three flowers. Put a Post-It Note over two so the single flower still shows. Ink it up with Memento Black ink and stamp in the center top between the two corner flowers. Wait a bit for the ink to dry. (I didn't and it smeared into my coloring.) When it comes time to color, color the same as the other flowers.

~Stamp the Leaf strips in Granny Apple Green ink on both sides of the card front.

5. Instead of the Black Cord use [Calypso Coral 1/8" Sheer Ribbon #144173](#). Tie a bow. Attach with Glue Dots.

6. Add three Pearls.
