INSTRUCTIONS:

1. Cut your Lemon Lime Twist card base at 5-1/2" x 8-1/2". Score and fold at 4-1/4".

2. Cut your Whisper White card front at 4" x 5-1/4". Stamp your Balloon multiple times starting at the top. Color your Balloons with the Pacific Point and

Lemon Lime Twist Markers.

3. For your Tag: Cut a 1-1/2" x 3-3/8" Whisper White cardstock. Stamp your Happy Birthday in the center with Pacific Point ink. Use the razor-blade looking Thinlit to cut the ends matching the end of the Thinlit with the end of the cardstock and then center the die over the cardstock. Cut both ends with the Thinlit.

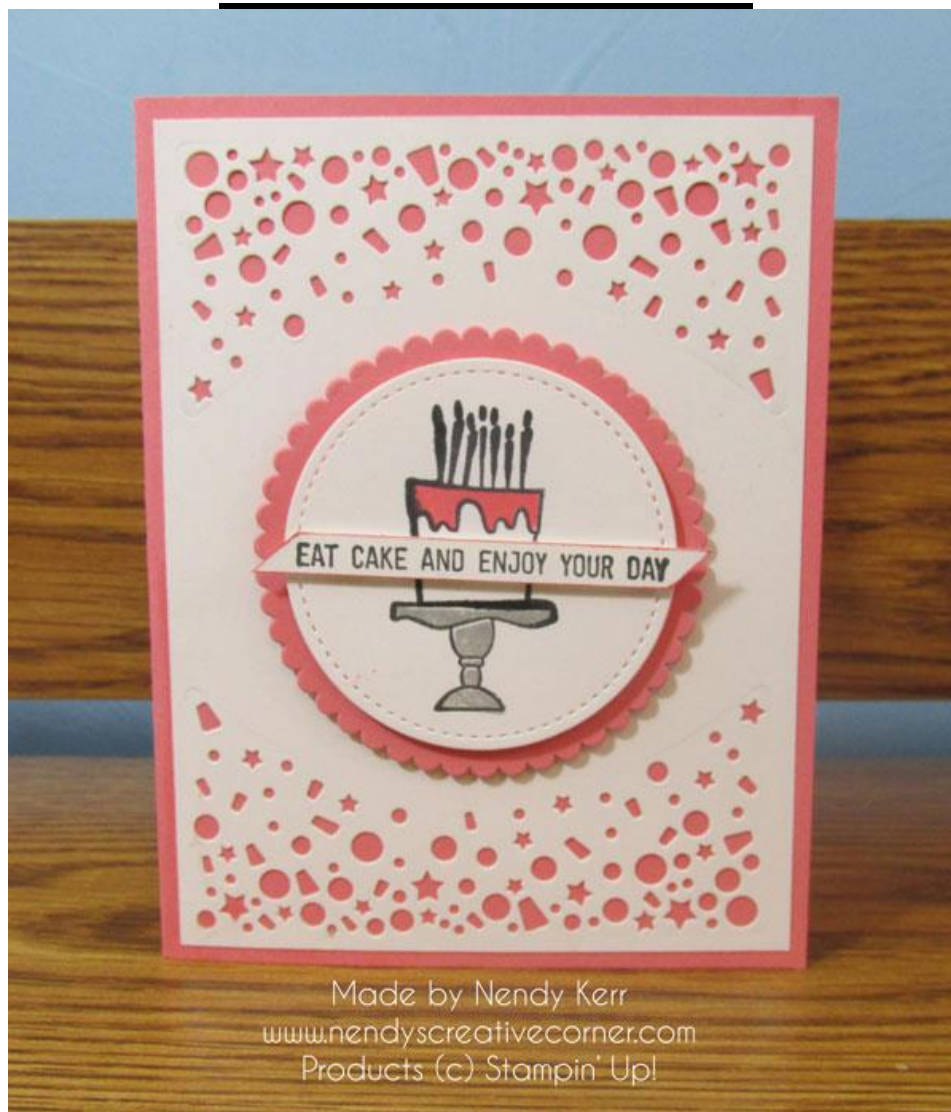

4. Cut two pieces of Black Cord about 7-1/2" long. Thread them both through the tag holes as shown. Decide where you want the tag on your card front. Leave an inch of cord hanging off the edge on both sides. Put Stampin' Dimensionals on the back of the Tag with a couple of Dimensionals on the Cord. Attach the cord to the card with Glue Dots on the back of your card: one next to the edge and one at the ends.

5. Attach your completed card front to your card base with Tombow Glue. I even put Glue on the cord on the back side.

6. Optional: Color some Pearls with the Granny Apple Green Stampin' Blends Marker and attach to your card front.
